

"I'm a life long entrepreneur that takes great passion in helping businesses grow."

[LET'S TALK](#)

Imran Rana posesses a unique blend of skill sets, knowledge, experience and intuition that he combines to create businesses that succeed and helps other businesses reach their next level.

In 2004, Imran started his career working at the best digital marketing agencies in Canada helping businesses grow and succeed. He has worked with hundreds of small to medium sized businesses and many of the Fortune 1000 companies.

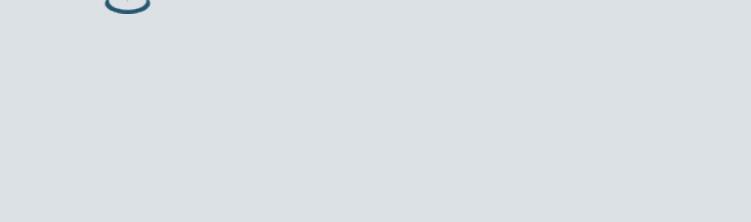

He launched his digital marketing agency in 2012; Enhance Digital Marketing. Since then he has launched the digital marketing software EnhanceKit and founded the venture capital firm Marketing Investor. To date Imran has invested marketing and tech resources in over 10 start-ups.

Over 10 years of knowledge and experience in growing companies coupled with his digital marketing agency team, Imran is able to help grow companies quickly and successfully.

Here are some companies you might know of that I have helped

I work with many start-ups and small to large businesses

Sharing my wisdom

The challenges of business growth in today's fast pace and rapidly changing landscape leaves many businesses and entrepreneurs bewildered not knowing what steps to take to achieve the results they are looking for.

I love to speak to businesses and entrepreneurs alike on the importance of connecting the dots in their businesses and how this is truly accomplished.

Free Confidential Discussion

Fill out the form below, and I will arrange for a time you and I can have a confidential talk about growing your business. I want to have a candid conversation about what your business needs and how I can really help, if I am able to help.

I have helped hundreds of businesses with their growth strategies, customer acquisition, lead nurturing, marketing automation, analytics, optimization and conversions. I'd like to see if I can do the same for you.
